

# Basics of Investing

 Approx. 6 hours

The aim of this online course is to enable learners to develop an understanding of financial markets and how the stock market operates. Learners will explore a range of financial instruments and gain skills to make their own investment decisions and build efficient portfolios.

## What you will learn

By the end of this course, ākonga will be able to:

- Describe major financial markets and financial instruments across the globe and in New Zealand
- Create an investment plan based on the risk profile of an investor

## More detail about this course

This course is tailored for those eager to delve into financial markets, instruments, and savvy decision-making. It is especially suited for individuals keen on managing their investments and constructing effective portfolios.

The course explores:

- Financial markets, stock markets, regulatory bodies and market participants
- Financial instruments - stocks, mutual funds, exchange traded funds, bonds, KiwiSaver
- Creating an investment plan using concepts of risk and return
